WINTER EDITION

Greetings, Midwest Dragon Boat Teams!

What an incredible season of racing and accomplishment! This year, **32 Midwest paddlers proudly represented Team USA in Germany**, and **two Midwest teams earned six berths to the 2026 Club Crew World Championships in Chinese Taipei**. Our region also hosted outstanding festivals and showcased Midwest talent across the country and around the world. And of course, we celebrated **our very own Barbara Michaels** on her induction into the **Dragon Boat Hall of Fame!**

It's clear that dragon boating is growing rapidly across our region, and the ADBA is committed to supporting that momentum. Through our quarterly newsletters and **Zoom with ADBA** sessions, we strive to provide the resources, connections, and guidance your teams need to thrive.

To help us do that, **we want to hear from you.**

If you haven't already, please take a moment to complete the survey below.

Let us know what you'd like to see in the Midwest dragon boat community and what tools or support would help your team meet its goals.

Your voice shapes the future of Midwest dragon boating—thank you for being part of this growing community!
